

**This is an invitation to everyone in the Archdiocese of Brisbane to join in the Living *Laudato Si'* Initiative**

During the Season of Creation 2019, every parish, school and agency across the Archdiocese of Brisbane is invited to make a commitment to dive deeper into Pope Francis' call for us to care for our common home. In Pope Francis' 2015 encyclical letter, *Laudato Si' - On Care for our Common Home*, the Pope invites us to hear the call to ecological conversion and to take action. There are so many ecological problems in south-east Queensland, in our region and around the world. Our care is urgently needed! As individuals, parishes, schools and agencies, we need to increase our efforts to better care for creation so that we live *Laudato Si'*.

Archbishop Mark Coleridge has invited Archbishop Peter Loy Chong, Archbishop of Suva, Fiji, and President of the Oceania Federation of Catholic Bishops Conferences to come to the Archdiocese of Brisbane and speak at a series of events beginning on Sunday 1 September, marking the beginning of the *Season of Creation*. At 12noon on Sunday 1 September Archbishop Chong, Archbishop Coleridge and Bishop Ken Howell will concelebrate at the Cathedral of St Stephen on the occasion of the *World Day of Prayer for the Care of Creation*. The *Mass of Creation*, will mark the launch the Living *Laudato Si'* initiative for the Archdiocese. It aims to help parishes, schools and agencies to respond as people of God to Pope Francis' call to care for our common home.

The 2019 theme is the "Web of life." The ***Season of Creation*** is a special time dedicated to deepening our relationships with Creation and our Creator. Churches all over the world are invited to focus on prayer, hands-on projects and advocacy to protect creation. The momentum to care for Creation continues long after the season ends. Through

ongoing prayer, changes in lifestyle, and advocacy, the ***Season of Creation*** inspires hope in our communities to live *Laudato Si'* year upon year. Endorsed by the Pope and the Vatican Dicastery for Integral human Development, it's globally connected work that's urgently needed. ### Communicate the message by telling us what you are doing and we'll share it

Many parishes, schools, agencies and individuals are already doing wonderful things to care for creation. Don't keep it a secret! Let others know so they can get new ideas.

If you or your parish, school or agency are already doing great things to care for creation, why not write a brief report, take photos or even film a short video and send it to us so we can share your good news with everyone else? Have you installed solar panels on your parish buildings or initiated a recycling project or started working with a local Land Care group? Let us know! Send your good news stories, pics and videos to us and we'll post them on the Living Laudato Si' web page for all to see!
